

BEACON

STYLE: Flat-Panel (Slab)

OVERLAY: Full

EDGE PROFILE: Square

MATERIAL: Thermally-Fused Laminate (TFL)

A sleek, flat-panel design with full overlay for a clean, contemporary look. Constructed using a $\frac{3}{4}$ " thick particleboard core with a thermally-fused laminate exterior, it offers long-lasting performance and a smooth, consistent finish. Premium, zero-line edgebanding is applied with industry-leading PUR glue for exceptional adhesion & resistance to delamination, even in high-traffic environments. A stylish and practical choice for modern spaces.
